

History of Springs in Wasatch Co.

1888 was a very dry year for Provo Valley. Many of the old springs dried up. On June 11 there was no water at all in the Provo River bed between Midway and Heber. Because of the drought, there was only two-thirds of a crop raised in Midway.

In January, 1893 Bishop Van Wagoner asked for a release as Bishop of Midway Ward. January 29, 1893 John Watkins was ordained Bishop by Apostle John Henry Smith and Alvah J. Alexander, 1st Counselor, Conrad Abegglen, 2nd Counselor, John Huber, ward clerk and chorister.

At the Saturday session of stake conference held January 26 the Midway Choir sang four request numbers.

On the evening of January 27, after the close of the stake conference, Apostle John Henry Smith came to Midway with President Hatch and dedicated the new meeting house.
